

LCD KEYPAD

ACCO-KLCDR-BG

Growing market demand for standalone access control system inspired SATEL's engineers to develop flexible solution that meets the requirements of numerous groups of customers.

ACCO system consist of distributed intelligent devices networked for central supervision and management. The combination of proven hardware and software solutions with though out system concept ensures the highest possible quality and makes it suitable for individual needs.

FEATURES

- large, easy to read backlit LCD display
- access authorization with code and/or proximity card
- support for cards, tags and other 125 kHz passive transponders
- LED indicators for door and controller status indication
- built-in buzzer for acoustic feedback
- display and keypad backlight
- tamper protection

TECHNICAL SPECIFICATION

Nominal supply voltage	12 V DC \pm 15%
Max current consumption	160 mA
Dimensions (mm)	140 x 126 x 26
Operating temperature range	-10°C...+55°C
Outdoor operation	No
Doorbell button	No
PIN code access authorization	Yes
Proximity card access authorization	Yes
