WIRELESS **INDOOR SIREN**
ASP-205

ABAX system is designed as a wireless expansion for any hardwired control panel. Unique technological solutions used by SATEL's engineers ensure the highest possible security level for a wireless system.

FEATURES

- wireless triggering of optical and acoustical signaling
- acoustic signaling: piezo transducer
- optical signaling: ultra bright LEDs
- two separately triggered signaling modes (selection of acoustic signal and optical signaling)
- remote configuration
- tamper protection:
    - against opening
    - against removing from mounting surface

TECHNICAL SPECIFICATION

Supply type	lithium battery CR123A 3V
Estimated battery lifetime	3 years
Dimensions (mm)	87 x 134 x 37
Environmental class	II
Operating temperature range	-10°C...+55°C
