### **Technical Specification**

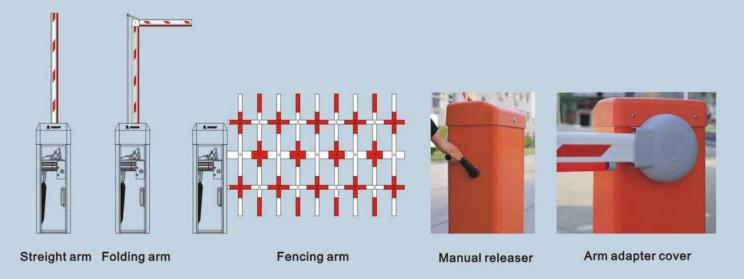

Power supply	AC220V +/- 10%
Motor	Single phase
Input current	1.8A
Input power	400W
Revolution	1400rpm
Thermal protection	120℃
Working temperature	-20℃~+60℃
Torque	120N.m
Weight	70kg

Max. Continuous operation	20℃ 260 cycles
Opening time	3.5 sec.
Streight arm length	3-5m
Folding arm length	≤4.5m
Fencing arm length	≤4m
Output voltage for ext. device	12VDC, 24VAC
Protection fuse	5A
Protection rate	IP44
Output for blinker	AC220V
