

RT-720

อุปกรณ์ถอดรหัสสำหรับ Pan/Tilt/Zoom ในกรณีใช้งานระยะไกล

Pan&tilt, lens,light,wiper,etc.controllable function Built-in watch dog function,multi-protocol setting optical isolation,static resistant, thunder and reference proof design Built-in testing function

Specification

Power supply	AC 220V / 50HZ 28W
Pan/tilt unit voltage	AC220V,AC 24V (optional)
Power consumption	AC220V/2A AC24V/800mA
Lens voltage	5 - 12V adjustable/500mA
Power provided	AC220V/2A, AC24V/500mA, DC12V/500mA
Auxiliary switch	2 NO switches, capacity is AC220V/5A
Communication	RS485
protocol	Multi-protocol setting
Environment temperature	-40 °C ~ 85° C
Transmission distance	1200m
ID setting	0-63-255
Material of case	Metal box (silver)
Weight	2kg
